This year's mascot, Heavy Metal, is an Ankylosaurus who is going on an adventure!

Heavy Metal will be traveling every week, beginning June 8, to a different location **in the library**. Be sure to search for them each week from Monday mornings to Saturday evenings. Wherever you see them, ask for a stamp, or tell us in the Children's Room where they are.

Turn in your map by August 8 with at least **4 stamps** to be entered into a drawing for a special prize!
